Why choose Bosch?

Bosch in every detail. Simply revolutionary hot water and heating.

Bosch has been setting trends in hot water and hydronic heating for more than 100 years and is a brand you can trust. Quality comes from experience and we strive to make the best even better.

Every detail of every appliance has been carefully designed, produced and tested by our engineers to fully satisfy the highest standards in quality, performance and convenience. The result is cutting edge technology, efficiency and comfort.

Bosch Quality

Our years of experience in water heaters and hydronic heating boilers paired with the latest German engineering allows us to design and manufacture the highest quality products without compromise to deliver perfect results.

Reliability Guaranteed

Before our appliances leave our factory, we test every tiny detail and subject them to extensive stress tests. Only when every one of the components meets our high standards of function, quality and reliability 100%, is a Bosch water heater or hydronic heating boiler ready to face its most important challenge: being used at home.

Australian Based and Proud

Bosch has had a presence in Australia since 1907 and guarantee product and spare parts piece of mind. We are a global leader in hydronic heating boilers and residential water heaters.

Lifetime service. It goes without saying at Bosch

Once your warranty period is over, we are still here to assist you. You can rely on expert care and first rate service through the lifetime of your appliance. From missing instruction manuals to appliance repair, we take care of everything.
