Installation Requirements

1. Installation and connection of your Zip HydroTap must be carried out by a qualified person, observing national and local regulations.
2. You will require suitable mains electrical and drinking water connections, plus waste water drainage all within 1.5 metres of the

3. HydroTap is air-cooled so discrete cabinetry cut-outs are required for ventilation.

5. If you live in a hard water area, we recommend installation of a Zip scale filtration kit.

6. Installation by Zip Professional Service can be arranged with a phone call or through www.zipwater.com"
